Warning Issued As Fire Danger Hits Record In District

FIRE DANGER EXTREME!

This was the report issued today by George Steed, district ranger on the Tahoe National Forest, in urging more than usual care in preventing fire.

With the dry, hot Lahontan wind, humidity down to a relative 5 and 6 per cent and the fire index up to 92 of a possible 100, the chances of stopping a fire, once one is started, is practically nil, Steed warned.

The grass, brush and timber are dry and any spark might set off a conflagration to match the 1960 Donner Ridge blaze, Steed declared.

Thus far during the season there have been 29 incipient fires, more than 20 man caused but fortunately conditions have favored the fire fighters and all were extinguished in their infancy. Any one of those small fires, occurring today, would defy the best efforts of the suppression crews because of current cinditions, Steed declared.

"In all my experience in the forest," the ranger declared, "I have never seen the fire danger as great as it is now."

Rotary To Furnish New Hospital Room

The members of the Truckee Rotary Club at their meeting Monday at Donner Lake Lodge, presided over by President Lyle C. Hubbard, decided to undertake a long-range project of furnishing one of the new rooms at the Tahoe Forest Hospital now under construction.

Delos Bristor, administrator at the hospital, spoke before the meeting, stressing the importance of training in every phase of hospital operation.

Another Rotary project was the installation of crossing signs for the protection of school children.

The meeting was interesting, lively and enjoyed by the members and guests.

The public is invited to the judging Sunday.

Assorted Caps At Golf Club Provide Amusement Treat

It's not necessary to be a golfer to enjoy the esthetic, friendly atmosphere at the Ponderosa Golf Club.

While the beautiful course naturally provides the principal reason for visiting the club, with golfers—both professional and amateur—proclaiming the many advantages of playing there, there are other interests.

For example, the attractive club house with its spacious shaded porch where visitors may relax in comfort and enjoy the restful scene as they partake of the available refreshments, chat with neighbors and visit with the genial hosts, Alex Stewart, his wife, Hazel, Jackie Jensen and Reynolds Johnson.

Aside from golfing, visitors will see one of the most elaborate displays of golf club caps in existence. More than 250 caps, each representing a different club, are arranged on the wall of the club house.

These caps come from virtually every state in the nation and many from foreign countries, including South American states, Mexico, Japan, Canada and others. Each is clearly marked with the club's name and provides an interesting display in the clubhouse.

The largest fire was one between the railroad and the freeway near Floriston which burned over an acre and a half before it was controlled.

Forecast Boy Power To Swamp Voter Lethargy with Tidal Wave of Votes

During the six hundred years since a legendary Peter saved Holland by inserting an over-sized finger in an under-sized dike, no one has seriously doubted the ability of small boys to perform big tasks.

Additional evidence of this "boy power" is presently being offered by members of some 635 Boys' Clubs of America throughout the country, who are working to get out the vote in the up-coming national elections.

Too young to vote themselves, these pint-sized stump-jumpers are working long and hard, in a variety of novel ways, to persuade eligible citizens to exercise their vote. Many of their methods stem from long-time political practices. Most are their own—and ingenious.

Recently in Indiana for example, "Boys' Club Ballot Brigades" organized a debate on the party platforms and invited the public and party officials to attend. In Massachusetts a Boys' Club organized a parade, complete with covered wagon, horses and bands, in which 1,000 members carried "Vote" banners.

Members of a California Boys' Club appeared on television and radio urging viewers and listeners to vote; an Iowa Club tagged more than 10,000 milk bottles with "Vote" reminders; members of a New York Boys' Club put up 15,000 "Vote" posters at shopping centers and parking lots; many other Clubs conducted a door-to-door campaign securing adult pledges to inform themselves of the issues and to vote.

Being conducted as part of the Community Service and Citizenship Training programs of the national youth-guidance organization, the project has attracted much national attention and commendation. As one political professional commented, "it sure is great to read some good news about youngsters . . . just for a change."

He also forecast that the Boys' Clubs program would play a major role in bringing out a record number of voters and "swamp voter indifference with a tidal wave of votes."

Sounds like he's been reading about Peter . . . and that business over in Holland.

DEEDY AND BILL ARE BACK AT NEVADA LODGE TOPAZ ROOM

Alternating with the Vive Les Girls, the popular Paris-conceived revue produced by Frederic Apcar, now in the Topaz Room of the Nevada Lodge, is the zany comedy duo of Deedy and Bill.

As liveiy as two Mexican jumping beans in a hot skillet, Deedy and Bill engage in a rapid repertoire of sheer nonsense, relying on visual antics as well as verbal gags that seem to make them one of the most popular duos starring on the Reno-Tahoe show circuit.

Deedy remains the complete idiot, stepping out of her shoes, stumbling over microphone cords, walking bow-legged, talking like Baby Snooks, hollering like a cowboy and at one point falling flat on her face. Her consistency to remain the buffoon and evoke the gufaws of the crowd is commendable.

Bill, a short, stone-faced chap is the frustrated straight man almost ready for the funny farm. Sometimes he tries to remain sane by ignoring the inanities taking place beside him; other times by shrugging and accepting his maladroit companion.

All of which seems to appeal no end to the light-hearted, pleasure-loving crowds that pack the Topaz Room of the Nevada Lodge.

The wild, weird brand of Deedy and Bill fun continues nightly at Nevada Lodge between Vive Les Girls shows through September 16.

Back home to Kings Beach after a marvelous vacation are Doug and Betty Baxter and children, Jimmy, Francie and Stewart. The Baxters drove almost to Alaska, going to Burns Lake where they ferried across and on to Frances Lake thence to Lake Takysie to Canada. At Twin Falls they visited Betty's sister and family, Mr. and Mrs. Kenny Stagmeyer and children, twins, Kenneth Leland and Kenna Lynn. From there to Wells, Nevada, where Betty's father, H. R. Porterfield, welcomed the travelers. Sisters, Bobbie and Sherri Porterfield of Lovelock were next to entertain the Baxters before they headed back to Lake Tahoe.

While on the trip the Baxters were feted at a dinner featuring moose meat which none had eaten before. It was pronounced a delicious repast.

FIRES ARE FREQUENT ORGANIZATION SAYS

Both occurance of forest and range fires in California and the resulting damage are occuring at a pace far in excess that of last year, according to figures released by Keep California Green, Inc., the voluntary fire prevention-education organization.

Acreage lost to fires so far in 1964 is more than five times as great as last year.

Man-caused—preventable—fires are up by an amount of nearly 600, a one-third increase over the comparable period in 1963.

Keep California Green cautions that we have now just entered the period of greatest fire danger throughout California. Exceptionally dry, and flamable, conditions will likely prevail from now until the winter rains arrive. Maximum caution is urged with the use of any fire, any place, at any time.

DIVOT DIGGERS

By Georgiana King
(Ponderosa Country Club)

Hi ya, Divot diggers—Well we have a wonderful turnout for the Scotch Foursome.

Twenty-eight played in it and all had a good time. The winners were: 1st, Zeph Rose and Norma Russell; 2nd, Dick Paddock and Hazel Stewart; 3rd, Ben King and Vina Clepper; 4th, Henry Tapia and Eva Besio and 5th, Karl Kielhofer and Majel Rose. All of the winners received golf balls.

* * *

I got a letter from the South Tahoe Women's Golf Club and they informed us that there will be an invitational this year, but that next year when the other nine holes are finished we will be invited to play on their 18 hole course. Won't that be fun?

* * *

So far there is a car load of boys going down to Grass Valley tomorrow for the day of golf and swimming, etc. Have a good time, boys.

* * *

I have posted on the bulletin board where the women's eclectic is posted about the Tahoe City Women's Golf Invitational. Six have already agreed to go. They are inviting 10 from each golf club. We need four more to go. So hurry and call me if you want to play, because September 1 is the deadline for sending the names and entry fees in.

* * *

Now don't forget that Grass Valley is coming here September 13 for their return match with us. Call John Waller and sign up now. Don't wait till the last minute to do it so he can make all arrangements for it well in advance. OK?

* * *

I see that the championship play is well under way. Championship flight is to be played without handicaps . . . Good luck, you all.

* * *

Oh, before I forget, don't you ladies forget to sign up for the tournament September 11 with the Hidden Valley and Washoe Women. Sign up with Alex.

* * *

Did you know that 7,250,000 persons from tiny tots to oldsters in their 90's play golf. Millions more enjoy golf as spectators at tournaments or on television,

Ice Hockey Starts At Squaw Arena

SQUAW VALLEY—The fastest and roughest sport going was watched by over 300 spectators Saturday night when the Squaw Valley Seniors hockey team clashed with the Sacramento Seniors. It was the most exciting game so far this year. Being an exhibition game there was a wide range of ages from 16 years. The score was Squaw Valley 10, Sacramento 3.

Four of the Squaw Valley goals were made and assisted by the two Canadian boys who are working at the Blyth Arena this summer. Lance Poulson and Pat Payton were the youngest players for Squaw Valley. Due to a lack of adult referees Chris (Bud) Burmer did a good job in this capacity.

More senior games are planned with the next game on the 5th of September. The Squaw Valley Hockey Club will start their games around Thanksgiving.

The first annual meeting for the Squaw Valley Hockey Club was held August 10th at he Blyth Arena with President Fred Latour presiding. New officers were elected to serve for this coming season. The goals of the club are to put on games in all classes, such as Pee Wees ages 8-12, Bantams ages 12-14, Midgets ages 14-16 and Juveniles ages 16-18.

Any boy interested in joining and learning to play hockey will be given instructions. Times for practice will be announced at a later date and will also be put on the bulletin boards at the schools. Any adult having senior or pro hockey experience interested in donating his time coaching plase call Hank Novak at the Blyth Arena 583-4282.

ADDITIONAL WATER SEEN AS LAKE NEED

TAHOE CITY—The federal bureau of reclamation in a recently issued survey said that supplemental water supply will be needed in the Tahoe basin by 1971.

The feasibility report for means of obtaining additional water said the cheapest source would be Echo Lake above the basin. The report was made to Placer County by Robert Pafford, Jr., district director of the bureau.

Pafford said the amount of water needed would depend on whether or not the basin's sewage effluent is exported.

Other water supplies than Echo would cost an estimated $60 per acre foot but the cost of Echo water was not estimated.

PLANNING DIRECTOR NAMED FOR COMPANY

Planning for the future of the Northern Nevada-California area served by Sierra Pacific Power Company was emphasized today by the company's announcement that the company has created a new position, Director of Planning and Research.

Fred L. Fletcher, Sierra Pacific president, announced today that Ralph P. Cromer, a utility planning consultant with electric, water and gas experience in the United States, Canada, the West Indies, Puerto Rico, and the Dominican Republic, is the company's new director of planning and research.

Fletcher said that Ralph Cromer is no stranger to Sierra Pacific Power Company or to Reno because he has assisted Sierra Pacific in a consulting capacity over a period of several years. "Ralph Cromer was impressed with the Reno area on his business trips here and accepted an offer to join our staff when the opportunity developed," Fletcher commented.

Mr. Cromer began his utility career with the Peaple's Water and Gas Company of North Miami, Fla., 18 years ago and became that firm's chief engineer. He left the Florida firm to become utility consultant assisting more than 40 electric, water and gas companies as a representative of Stone and Webster Service Corporation.

A French surveyor, Jean Vioget, laid out the streets of the village of Yerba Buena, the tiny settlement that became San Francisco in 1847.

SCHOOL PREPARING FOR GRID OPENING

Sierra College Football Coach Homer (Buzz) Ostrom issued the call to arms for fall football practice today, naming August 27 and 28 as dates for equipment issue and physical examinations. Physicals are required of all candidates, freshmen or returning gridders.

The Placer County Medical Association provides physicians for the physicals annually, with candidates urged to be prompt for the 6:30 p. m. exams on Thursday and Friday, the 27th and 28th.

Actual practice will begin Sept. 1, a Tuesday evening, with practices continuing at 6 p. m. nightly until classes begin on Sept. 10. First game will be 19 days after practice stars, on Sept. 19, at American River Junior College.

COUNTY SHARES IN HIGHWAY USE TAX

SACRAMENTO — (CNS) — Nevada County's share of the $557,902,564 apportioned to the state, counties and cities from the highway users tax fund during the 1963-64 fiscal years was $337,758, State Controller Alan Cranston reported today.

The 58 counties shared a total of $105,478,791 to use for general road purposes, engineering costs, snow removal expense and heavy rainfall damage repair.

The normal life span of the buffalo is 12 to 15 years but many live to be 25 or 30 years old.

WARNING IS ISSUED ON USE OF FLARES

Increasing use by motorists of flares or fuses to warn of impending hazards on the highway brought several cautioning reminders from Lieutenant O. P. Ledford, officer-in-charge of the California Highway Patrol's Truckee substation today.

"When placing flares, be sure that the first one is far enough away—probably no less than 100 yards—from the damaged or stalled vehicle to give oncoming traffic ample time to slow or stop. One flare alone frequently is insufficient; usually three or more should be placed on an angled line which tends to lead cars around the obstruction, not into it," he said.

"If the stalled or damaged vehicle is not actually in, or projecting into, traffic lane, it is better to avoid using flares.

"Be particularly careful in placing lighted flares around accident scenes. Many times gasoline and oil have been spilled in the vicinity. Take extra care as well in areas where roadside brush, timber or grass might catch fire. Every year serious blazes are caused by careless flare or fuse placement.

"Never depend on a flare to halt or even slow traffic. Keep your eyes and ears open, and take the same precautions that you would take if no flares were available."

Cow's milk is used to make most of the world's cheese. But the milk of other animals may be used. For instance, goat's milk is widely used in Norway; in France, sheep's milk.

A medium slice or cube (1 ounce) of American cheese equals about two-thirds of a glass of milk in calcium and protein. Other values vary depending on the kind of cheese.

CONSTRUCTION ZONES ADD TO DRIVING RISK

One summer driving hazard which frequently fails to command adequate attention of motorists is construction zones, California Highway Patrol Commissioner Bradford M. Crittenden said.

"Construction usually climbs during the fair weather months of summer and fall, thus motorists should be on the alert for the evidences of road work which call for reduced speed and extra caution.

"During 1963, there were 47 fatal accidents and 1250 injury accidents in highway construction areas, powerful evidence that drivers did not take due care in these zones."

The commissioner said that road construction "commonly means the number of available lanes will be reduced, detours may be set up, and complete stops may be required. Lowered speeds are almost always essential to cope with these other situations."

Recreation Program Ended For Season

The summer recreation program sponsored by the Truckee-Donner Park and Recreation Department ended last Saturday with a swim party and picnic at the Donner State Park. This was the first year of operation for the local recreation district.

The program consisted of supervised swimming, tennis, hiking, bicycling, hayrides, campouts, softball league and tournament, and a playground. The program was under the direction of Loyd Hoofard and employed Dwight Souers, Sue Scott, and Karen Smart as recreational supervisors.

The softball league ended with Lambert and Perata of Tahoe City winning the championship and a tie for second place between Cozzi Cafe of Truckee, Crystal Milk, and Marier's.

Special recognition goes to Denise Clepper and Stan Ragan for outstanding attendance and participation in the program for this year. A highlight of the program was a cheer-leading and song-leading clinic for girls under the direction of Sue Scott, who will be head song leader at San Francisco State College this fall.

The tennis lessons under the direction of Souers ended with a tennis tournament. Lots of interest was shown in this phase of the program. Winners in the tennis tournament were Brent Wisenback, first; Gretchen Free, second; Terry Wisenback, third, and Patty Free, fourth. Winners of the doubles were Stan Ragan and Brent Wisenback.

The recreation department also took the youngsters to the Truckee Ranger Station for a demonstration by the Forest Service in methods of fighting fires and the equipment used.

Bill Briner reported on the proposed motel tax on rooms. He stated that the State of California two years ago authorized this tax, and if the counties and cities do not vote for the tax the state will put the tax into effect. Should the county approve the tax, Bill proposed that it not be put into the general fund but into a special fund to be regulated by the board of supervisors and to be used solely for promotion and advertising Placer County. The chamber has written a letter to the supervisors stating if the tax is unavoidable the action of the chamber would be for the tax money to go into a special fund and spent on promotion and advertising of Placer County, keeping in mind the investment of the people of the recreation areas.

Many who are opposing this tax —state or county—are writing to the board of supervisors. It is our suggestion that these letters be written immediately.

Ginny Emrich and Lyle Gunkel reported on the new Sierra-Nevada Dog Drivers Association which has been formed by the local dog mushers. The club will have charge of putting on the Dog Sled Race this year with the chamber sponsoring the event. It was agreed by the board that the chamber would support the event and the same committee was appointed to work with the mushers in staging the 4th Annual Dog Races.

Joe Elliott, manager of the Carson City Chamber of Commerce was present as a guest of Art Gerber.

The California National Resource Committee will meet at Brockway Hotel on September 10 and 11. Anyone wishing to submit questions to the committee should do so before the 2nd. The meeting is open to the public.

The steps adopted are: Petitions are being circulated by one of the motel owners which can be signed for those who are against the tax. Busses are being chartered to take the committee to the board of supervisors meeting on Tuesday. Supervisor Bill Briner arranged for those who make the trip to appear on the agenda, and a spokesman will represent the delegation. In addition to signing the petition a letter or wire can be sent to the board of supervisors, Placer County Court House, Auburn.

Sherry Thatcher Is Wed to Roland Hill At August 22 Rites

Roland Hill of Winnemucca Ranch, near Pyramid Lake, Nev., and Sherry Thatcher of Agate Bay, Lake Tahoe, were married at the Park Wedding Chapel in Reno at 7 p. m. August 22.

The matron of honor was Jene Hanson of Richmond, Calif., and the bride's maid was Helen Randall of Los Angeles. The best man was the groom's brother, John Hill of Elko, Nevada, and the usher was Bill Conners, Jr., of Tahoe City.

It was a double ring ceremony.

The reception was held at the home of the bride's mother in Agate Bay, Lake Tahoe, following the ceremony.

The newly weds plan to reside in Sacramento until the bride receives her degree from the Sacramento State College in home economics in January. They are now honeymooning at Carmel. The groom attended Tahoe Truckee High School and the University of California at Davis and has spent most of the last three summers in Hawaii, Europe, Alaska and Canada.

The bride is the daughter of Mrs. Thomas Thatcher, Agate Bay, and the late Mr. Thatcher. She was given in marriage by Richard Johnson of Sacramento who is a very close friend of the family.

The groom is the son of Mrs. Arnold Stevens of Elko, and the late Elmer Hill.

Duncklhorst-Walker Wedding Is Held At South Lake Church

Miss Diana Dunckhorst became the bride of Terry Walker in a double ring ceremony performed Sunday afternoon, August 16 in the South Tahoe Community Presbyterian Church, her father, William Dunckhorst giving her in marriage.

Her gown, borrowed from her aunt, was a white silk reembroidered Alencon lace with seed pearls and sequins, fashioned with a fitted bodice and Sabrina neckline, a French pouf back, panels ending in a train. Her French bonnet, also accented with seed pearls and roses, held the fingertip veil of silk illusion. A gold mesh bracelet, a family heirloom was chosen for the traditional "something old" and her Jobs Daughters Bible was topped with white rosebuds and stephonitis arrangement.

The bride's attendants included the maid of honor, Vicki Rich of Kings Beach, Mrs. Sally Jo Jenkins of Riverside and bridesmaids, the Misses Marylee Palandeck, Lynn Kasick of Sacramento, Karen Walker of Truckee, Barbara Cordey of Sacramento. Their dresses were identical floor length gowns of mango peau de soie, styled with scoop neckline and topped with champagne reembroidered Alencon lace jackets. Small pillbox hats of matching material were covered with netting. Their gifts from the bride were small pearl drop necklaces. Bouquets complemented the gowns.

John Burke of Roseville performed the duties of best man, the head usher was Dennis Dunckhorst. Other ushers included Ronald Walker, Charles Glenn, John Zannon of Roseville and William Dunckhorst, Jr.

Mrs. James Walker was attired in a pink linen sheath with white lace coat, accessories of pink, as was her corsage.

Mrs. Dunckhorst chose a dress of champagne crepe, with bodice of reembroidered Alencon lace with accessories of the same shade and a corsage of green orchids.

The guest book was attended by Patti Kasick of Sacramento and Sandi Dunckhorst of Long Beach.

The setting for the reception was the home of the bride's parents, Mr. and Mrs. William Dunckhorst in Montgomery Estates, more than 125 guests passed through the receiving line.

Tall white cherub candelabra with white carnations centered the attractively appointed table. Mrs. Henrietta Murdock, grandmother and Mrs. Robert Dunckhorst of Long Beach, aunt of the bride, officiated.

Miss Rich caught the bouquet, tossed by the bride and Al Stephens claimed the blue garter, thrown by the new benedict.

Mrs. Walker's going away outfit was a raspberry linen coat, with white bone sheath, brown accessories and white orchid corsage.

The just wed couple will be at home in Roseville where he is employed by the Southern Pacific Company, they also plan to continue study at Sierra College.

Mr. and Mrs. James Walker of Truckee are the parents of the bridegroom.

Championships By Skiers Held At Lake

The Donner Lake Water Ski Club held their first club championship at Donner Beach early last Sunday morning. Ten members competed against each other in the chilly waters shortly after 8 a. m. Troubles frequented the small tournament, but members and spectators alike were grateful that they hadn't happened the weekend before at their open slalom.

Winner of the women's trophy was Doris Ruth Jamieson, of Donner Beach, followed by Joan Teza of San Carlos; Karen Hansen of Sacramento, and Lyn Giovannoni of Truckee.

Best run of the day was made by Jeff Miller of Concord who won the men's class B. Miller was followed by Brad Jamieson of Donner Beach, Ray Grow of Reno, Bob Hawks of Donner Lake.

President Kent Garrett of Reno and vice president Chuck White of Donner battled it out against each other for the class A trophy with White the ultimate victor.

The last official meeting of the DLWSC will be held at Donner Beach Saturday, August 29, at 6 p. m. for the purpose of electing next year's officers.

I'M GLAD WE WERE ABLE TO BRING JOANNIE AND BUDDY TO THE WORLD'S FAIR!

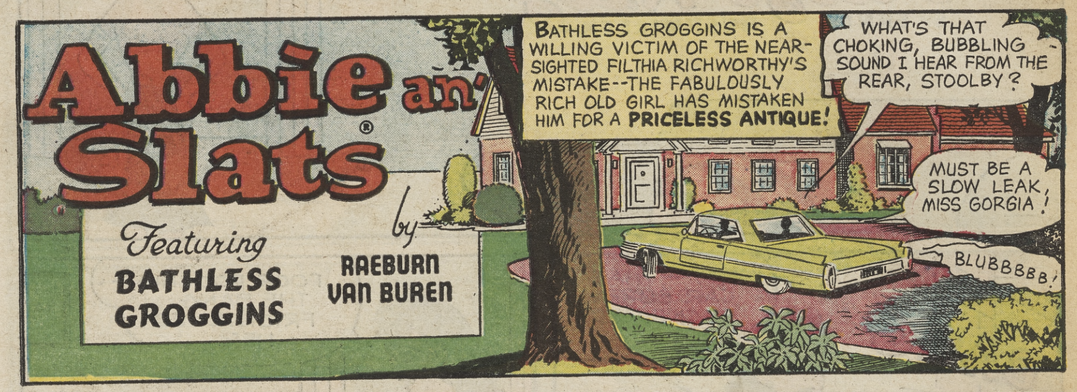
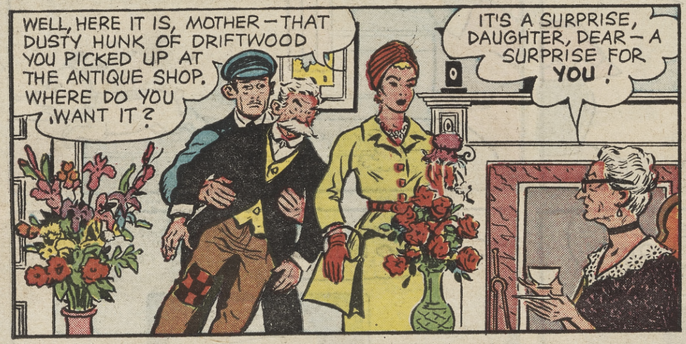
Featuring BATHLESS GROGGINS *by* RAEBURN VAN BUREN

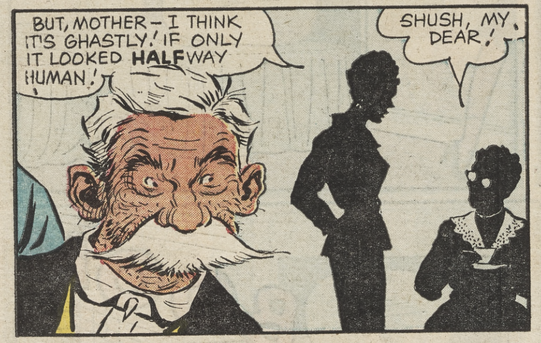


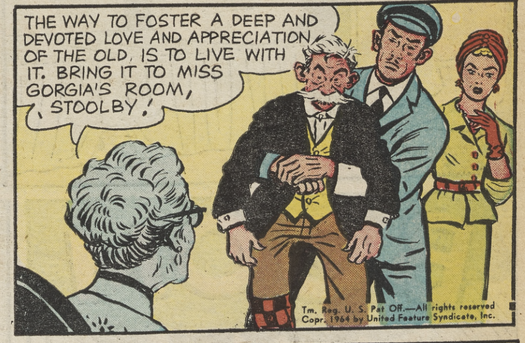
BATHLESS GROGGINS IS A WILLING VICTIM OF THE NEAR-SIGHTED FILTHIA RICHWORTHY'S MISTAKE--THE FABULOUSLY RICH OLD GIRL HAS MISTAKEN HIM FOR A PRICELESS ANTIQUE!
WHAT'S THAT CHOKING, BUBBLING SOUND I HEAR FROM THE REAR, STOOLBY?
MUST BE A SLOW LEAK, MISS GORGIA!
BLUBBBBB!



WELL, HERE IT IS, MOTHER—THAT DUSTY HUNK OF DRIFTWOOD YOU PICKED UP AT THE ANTIQUE SHOP. WHERE DO YOU WANT IT?
IT'S A SURPRISE, DAUGHTER, DEAR—A SURPRISE FOR YOU!

FOR ME, MOTHER?
INDEED! IT'S YOUR BIRTHDAY PRESENT. AND I'VE PICKED THE PERFECT CORNER OF YOUR ROOM WHERE IT WILL STAND AND CATCH THE MORNING SUN ON ITS ARISTOCRATIC FEATURES!





THE WAY TO FOSTER A DEEP AND DEVOTED LOVE AND APPRECIATION OF THE OLD, IS TO LIVE WITH IT. BRING IT TO MISS GORGIA'S ROOM, STOOLBY!

I WON'T EVEN WALK HOME FROM SCHOOL WITH ANYONE ELSE

AT DANCES, I DANCE ONLY WITH YOU
I WON'T PHONE ANY OTHER GIRLS FOR ANY REASON
